

III. Amendments to the Abstract

Please amend the abstract as follows:

~~"A SEAT-BELT BUCKLE ARRANGEMENT"~~

A seat-belt buckle arrangement comprises a seat-belt buckle (10), a webbing strap (5) and an end plate (1). The strap (5) has end parts (6, 9) which pass through slots in the buckle (10) and the end plate (1). A first end part is laid over the main part of the strap and stitched to it. The other end part is then laid over the combination of the first end and the main part of the straps and stitched (12) to the combination.
